

PRODUCT INFORMATION

FEATURES

The ii-Feed Cart (E113469) has a capacity for up to 33 separate component channels and accepts any mix of 8, 12, 16 or 24mm ii-Feed elements.

Each individual element is fully “intelligent”, providing the same intuitiveness as the other feeders in the Europlacer range:

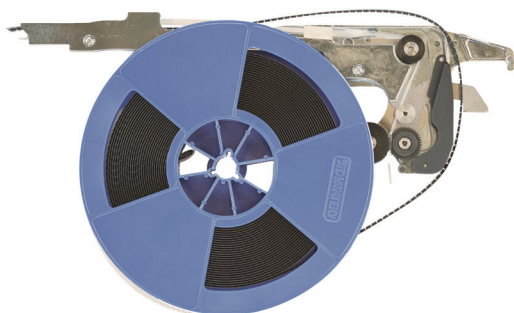

- Part recognition
- Internal memory
- Auto adjustment of pick-up offset
- Programmable tape pitch in 2mm increments
- Reel batch ID for traceability reports

The ii-Feed cart is 01005 capable. It is fully compatible with previous Europlacer machine generations. Both the previous and updated generations of Europlacer’s tape trolleys and ii-Feed Carts can be used together on the same machine.

ELEMENTS

Part Nb.	Type	Channel Needed	Elements per cart
E113428	8mm	1	33
E113429	12mm	2	16
E113432	12mm step 4mm	2	16
E113430	16mm	2	16
E113433	16mm step 4mm	2	16
E113431	24mm	3	11

MAGAZINES

Part Nb.	Type
E113466	ii-Feed magazine 180mm
E113467	ii-Feed magazine 390mm
E113727	large ii-Feed magazine 390mm
E113685	internal 180mm reels magazine
E113686	2 reels 180mm holder

FEATURES & BENEFITS

- Fast setups and changeovers
- Same type of ii-Feed element for paper tapes and plastic tapes
- Accept full reels or short tapes
- Offline preparation in magazines
- ii-Feed elements can be placed at any trolley location, without stopping production

As part of our policy of continuous development, specifications are subject to change without prior notice.
